

Juan Martin N. Rodrigo

Pasig City, Philippines | jnrodrigo45@gmail.com

EDUCATION

University of the Philippines Diliman

MS Physics

2026 (expected)

BS Physics, *summa cum laude*

2024

Thesis adviser: Professor Ian Vega

GWA: 1.15 / 1.00

Thesis title: *On the uniqueness of flat thermodynamic geometries*

PUBLICATIONS

1. **J. Rodrigo** and I. Vega (2025). Interacting systems with zero thermodynamic curvature. *Physical Review E*, 111(5), 054120.

Conference proceedings

1. **J. Rodrigo** and I. Vega, *On the uniqueness of flat thermodynamic geometries*, Proceedings of the 41st Samahang Pisika ng Pilipinas Physics Conference, 19–21 July 2023.
2. **J. Rodrigo**, J. L. Villarin, L. Geraldez, A. Mendoza, and I. Vega, *Dynamics of Newtonian and relativistic thin fluid shells*, Proceedings of the 39th Samahang Pisika ng Pilipinas Physics Conference, 20–22 October 2021.

TEACHING

Instructor, National Institute of Physics, UP Diliman

- Handled discussion and lecture sessions in classical mechanics, electromagnetism, thermodynamics, and quantum mechanics for science and engineering students.
- Served as grader for undergraduate physics classes (topics include: statistical mechanics, group theory)
